**Subject:** Awbrey Butte multi family housing

**CAUTION:** External Email. Use caution when opening attachments, clicking links, or responding to this email.

I just recently learned that they are considering building multi family units and housing on Awbrey Butte. I fully support and agree with this as I believe every neighborhood should have every kind of housing. Diverse housing helps us all by allowing different types of people with different needs to live together and near where they play and work. It keeps neighborhoods from becoming elitist and segregated.

As I'm sure you know, housing that is affordable to the service industry is severely lacking in Bend. Any attempt to rectify this situation would benefit us all. My husband and I are small business owners here in Bend and it is incredibly difficult for our employees to find stable housing despite us paying well above the average local hourly wage.

Thank you for your time,  
Kristy Kwan
