400 more cars on Mt. Washington every day, that is crazy! The car lines from Hwy 97 will back up almost to pro shop drive. Please don't let this happen.

Good morning Rich,

Thank you for your email. It has been uploaded to the project and is part of the public record.

The applicant has uploaded a traffic study, which I have attached here for your convenience.

Please let me know if you have any questions or need assistance accessing the electronic land use file for the application, PLSPR20220416.

The applicant will be reviewed for compliance with the Bend Development Code in the coming weeks.

Please feel welcome to contact me if you have any questions or need additional information.

Thanks,
Beth

CAUTION: External Email. Use caution when opening attachments, clicking links, or responding to this email.

I just found out about this project. The traffic on Mt Washington is already heavy. Has a traffic study been done to determine the number of additional trips each day? I can only imagine the cars backed up at the traffic light on Highway 97 and Mt. Washington. Please do not let this happen!
