Hi Beth,

I'm writing in support of the Compass Corner housing development on Awbrey Butte. Building homes of all types in all areas of Bend will help solve our housing crisis in a way that is equitable, sustainable, and in line with Bend's transportation, land use, and climate goals. Approving the homes at Compass Corner is a step in the right direction.

Denser residential areas that integrate commercial development allow those in the neighborhood to reduce car dependency, which benefits the environment, makes roads safer for all modes of transportation, and helps build community.

Sincerely,

Liz Daniels
